DEPARTMENT OF AGRICULTURE

LAND ITEM

Review of a request for APPROVAL to OBTAIN a SURVEY and TITLE WORK in the following real property to remove a boundary dispute with five adjoining property owners:

Description:	<u>Chester County – Approximately one mile boundary dispute at Chickasaw State Forest, Henderson, TN – Trans. No. 10-01-026 (Smith)</u>
Purpose:	Clear up boundary dispute with adjoining property owners.
Funds:	\$25,000 - \$30,000 Appropriated Funds
Comment:	A deed survey is needed to identify the boundary of the State property thought to be in dispute with adjacent landowners. A previous boundary retracement identified several boundary issues with the "Big Rock" out holding of Chickasaw State Forest. A deed survey along with deed research of the State and adjacent properties is needed to locate the boundaries in question.
SSC Report:	02-16-10. Bob King summarized the transaction. Jere Jeter and David Todd from the Agency detailed the boundaries. There is approximately 15-20 acres involved in the boundary dispute. Staff referred to Sub Committee with recommendation.
SC Action:	02-22-10. Jurgen Bailey presented the transaction. Subcommittee approved the request without objection.

LAND ITEM

Review of a request for APPROVAL to OBTAIN TITLE WORK, APPRAISALS, SURVEY and EXERCISE OPTION to ACQUIRE or ACCEPT as GIFT, and DEMOLITION OF BUILDING required interest in the following real property, not to exceed the appraised value for the property being acquired:

Description: **Davidson County – 803 Saunders Court, Nashville, TN – Trans. No. 08-12-004 (BW)**

Purpose: Acquisition in fee to construct three (3) Mental Retardation Group Homes

Source of Funding: SBC – #346-000-05-2005 / GO Bonds

Estimated Cost: \$100,000

Owner(s): Marvin Rediker

SSC Report: 01-12-09. Jurgen Bailey presented the transaction. Staff referred to Sub-Committee with recommendation.

SC Action: 01-20-09. Jurgen Bailey presented the next eight transactions and stated that they were related. Secretary Hargett questioned how the State decides when purchasing land in certain subdivisions. Treasurer Lillard asked if the local governments had been notified of these group home acquisitions. Commissioner Steve Norris was recognized. He said that the consent decree regarding Arlington requires that a minimum of twelve homes be built within a 4-mile radius. He said that they work with a local real estate agent who identifies sites to look at and added that the City of Arlington and County are familiar with what they are doing. Commissioner Norris stated that these are nice structures, built to blend into a setting, and they are making every effort to integrate these homes. Secretary Hargett stated that he didn't want to have an entire subdivision made up of group homes. Commissioner Norris responded that he didn't think they had any other lots in that particular subdivision. He said they will build additional homes outside the radius in order to facilitate the closing of Arlington, and that the City of Arlington is aware of this. Treasurer Lillard questioned the use of two lots comprising of two acres and was told that the lots will hold two homes of 4,000 square feet each, plus parking for staff. While acknowledging that staff has been sensitive to the issue, both the Treasurer and Secretary of State expressed their concern over the impact of these homes on the community. After further discussion, Subcommittee approved the eight transactions as presented.

Division of Intellectual Disabilities Services – continued:

ADDITIONAL APPROVAL REQUESTED:

Subcommittee approved the original transaction on January 20, 2009.

The Division of Intellectual Disabilities is requesting approval to offer relocation services to the property owners to acquire their property. If the property owner refuses the State's offer, then DIDS is requesting approval to condemn the property in compliance with a mandate from the Federal Government. DIDS is also requesting approval to demolish the existing dwelling. Fair Market Value - \$75,000

SSC Report: 02-16-10. Bob King summarized the transaction. Beverly Woodard from RPA explained that DIDS will pay for a relocation package that includes a potential housing supplement, closing cost and moving cost in addition to appraised value of the property. Staff referred to Sub Committee for discussion.

SC Action: 02-22-10. Jurgen Bailey presented the transaction. He stated that the State would offer relocation services to the property owners, which included a potential housing supplement and moving and closing costs. Referencing an elderly property owner who didn't want to move, he said that this would help her transition into a new home. He asked that, if this does not work, for the Subcommittee's approval to condemn the property. Treasurer Lillard stated that he didn't mind approving the relocation offer, but didn't feel comfortable putting a senior citizen out of her home. Mr. Bailey responded that she was offered a life estate and has rejected that. Treasurer Lillard made a motion to approve the offer of relocation, but not the condemnation.

Fred Hix, Division of Intellectual Disabilities Services, was recognized. He said that his agency has had casual conversations with all three property owners who were agreeable to an offer, so they proceeded with the paperwork offering fair market value. Treasurer Lillard asked if there was any thought to condemnation when they had their initial conversation. Mr. Bailey responded that the SBC had approved only a standard acquisition without any condemnation option.

Commissioner Goetz stated that there was a need to figure out a way to shorten the acquisition timeline that is required to close the property so that we are only limited by construction. Mr. Hix commented that their procurement time is taking about as long as the construction process. Comptroller Wilson said he would be agreeable to giving pre-approvals because these acquisitions are important. Treasurer Lillard said to possibly consider at least an option with nominal consideration and have the Subcommittee pre-approve the appraisal. Commissioner Goetz said he would like to have a discussion in the next week or so with staff relative to options. Secretary Hargett seconded Treasurer Lillard's motion to proceed with the relocation offer, but not condemnation, and the motion passed without objection.

TENNESSEE STATE CAPITOL, NASHVILLE, TENNESSEE

- 1) Mr. Fitts presented a discussion of the **Mechanical & Electrical Upgrade** project at the Tennessee State Capitol in accordance with authority delegated to the Subcommittee by the full Commission on February 11, 2010.

Treasurer Lillard stated that, based on communications with Assistant Commissioner Dottie Hagood, he would like to make a motion to suspend approvals previously approved by the State Building Commission for the project. Nick DePalma, project manager, was recognized. He said they have had two meetings with the Legislative staff who expressed concern where the Engrossing Clerk would be located during the construction period. He said there was strong opposition from them to moving into the Legislative Lounge due to cabling issues, noise levels, etc. and that their preferred location was on the ground floor. Mr. DePalma added that that wouldn't preclude them from doing work on the ground floor. He added that their desire was to be located temporarily in the Rachel Jackson Building in lieu of the Tennessee Tower, even though Real Property Administration is proceeding to vacate two floors in the Tennessee Tower. Logistically, he said, they didn't know if they could accomplish that, but they are studying it and will report back. He said they also stated they need to reside in the Capitol for six weeks after session to complete their work, which puts some further restrictions on the window of execution. However, he said, it was difficult to commit without comment from the Construction Manager/General Contractor.

Ms. Hagood commented that, if they have to relocate people out of the Rachel Jackson Building, it will impact the timeline immensely. Treasurer Lillard stated it was his hope that staff would work and deal with these issues, and that they could suspend the project and continue having discussions with Legislative staff leadership. Commissioner Goetz said it didn't sound like it was going to happen. Treasurer Lillard said they should suspend prior approval of what the SBC has currently approved. Commissioner Goetz asked if it would make sense if a construction professional could come in and explain how the schedule could be accomplished. Mr. DePalma responded that he thought it definitely would help to have a professional who is very familiar with scheduling. Mr. Fitts clarified the CM/GC process. He stated that potential construction managers respond to an RFP and identify costs for (1) preconstruction services, and (2) related fees for construction. He said the first step after selection is to proceed with preconstruction services and the State is only obligated to pay those fees. Only at a later date is approval granted for the construction manager of the project. He said they would be back before the Subcommittee for approval of the selection of a Construction Manager/General Contractor. Treasurer Lillard made a motion to suspend any SBC approvals, other than preplanning services, and the motion passed without objection.

Estimated Project Cost: \$16,500,000.00
Estimated Planning Cost: \$ 2,700,000.00
SBC Project No. 529/005-01-2005

DEPARTMENT OF CORRECTIONS

LAND ITEM

Review of a request for CONCEPTUAL APPROVAL TO DISPOSE BY ELECTRICAL EASEMENT S of interest in real property WITH WAIVER OF ADVERTISEMENT and APPRAISALS as required by TCA 4-15-102 and 12-2-112.

Description:	<u>Bledsoe County – 11.8+/- acres – Near Pikeville, TN – New Bledsoe County Correctional Center and Sewer Plant Construction Project. Trans. No. 10-02-002 (Bailey)</u>
Purpose:	Conceptual Approval to Dispose by Easements for the New BCCX Prison and Sewer Plant Construction Project. (SBC# 142/013-02-2004)
Estimated Sale Price:	Grant
Grantee:	Sequatchie Valley Electrical Cooperative
Comment:	The construction of the new BCCX prison will require a number of temporary and permanent electrical easements for the routing of the electrical service. The proposed construction easements will include temporary service easements which will convert to permanent service easements for both the BCCX construction and to the new sewer plant. The second request is the Conversion / granting of the existing TDOC electrical service lines over to SVEC ownership and the associated easement related to this transfer of ownership of the poles, lines, transformers, etc. Since the construction for the BCCX prison is scheduled for late February 2010 we respectfully request that SVEC be allowed to proceed with tapping onto the existing TDOC electrical service to run the proposed services to the two construction sites while TDOC and F&A will develop the necessary surveys and paperwork for final approval from SBC of the overall electrical easements and transfer of existing service lines to SVEC.
SSC Report:	02-16-10. Bob King summarized the transaction. Staff referred to Sub Committee for consent agenda.
SC Action:	02-22-10. Subcommittee approved the request as presented.
